Free Health Screenings, COVID-19 Vaccines and Boosters

Core 4 Vans and Mobile Vaccination Units to Visit Locations across Wood County

Bowling Green—Wood County Health Department, in partnership with the Ohio Department of Health, is bringing free mobile health services, including COVID-19 Mobile Vaccination Units (MVU) and Core 4 Screening Vans to four locations in Wood County.

- MVU services offer adult and pediatric Pfizer COVID-19 vaccines (ages 3+) and the updated Pfizer COVID-19 booster (ages 12+), which provides better protection against new COVID variants. The updated COVID-19 booster is recommended for people 12 and older who have previously received COVID 19 vaccines two months after their last vaccine dose.
